Thank you for your purchase of the Gingko Everyone's Moon. Please read the instruction
manual carefully to achieve the best performance of this product.

WARNING - BE SURE THE ELECTRICITY TO THE WIRES YOU ARE WORKING ON IS SHUT OFF
BEFORE YOU START INSTALLATION. We highly recommend discussing with a qualified,
licensed electrician if you are unsure how to install the Everyone's Moon.

1) Installation is required before use of this product. **If unsure about the installation, we highly recommend you to consult with a qualified, licensed electrician.**

2) Remove the ceiling mount bracket from the ceiling cover and line up your mount bracket and drilled the required holes.

3) Connect the wires; **Make sure the electricity is completely cut off before this step.**
Connect the corresponding wires. Neutral, Live and Ground wires. Once you have done that, push all the wiring back into the junction box.

4) Before you attach the ceiling cover back on, you can adjust the length of the braided lamp cable according to your preference.

5) Take the provided LED light bulb and carefully insert the light bulb into the light bulb holder as the diagram below.
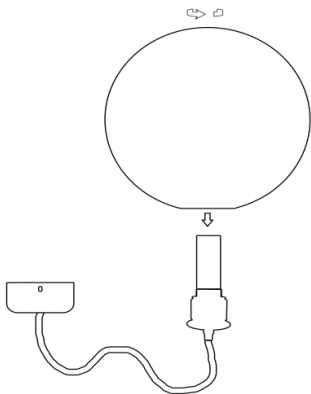

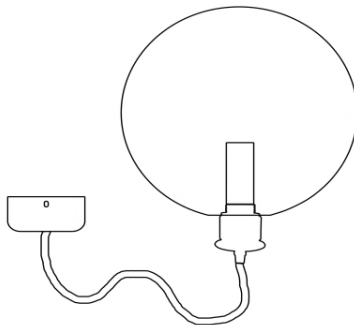

6) Test if the light is working before putting the Moon shade on. To install the Moon Shade, please follow the the below diagrams.

1)

2)
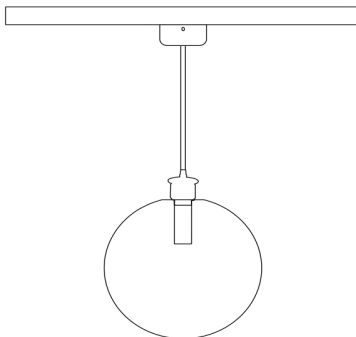

3)

The remote control is already paired with the Everyone's Moon when you first received it. If the remote is not connected with the lamp, you can reset the pairing by following the below instructions.

Press the button **A** and **B** together, you should then hear a "tick" noise from the lamp and the remote should be paired with the Everyone's Moon and is ready to use.

Remote Buttons Controls:

A - Rotation Setting: Press it once and the Everyone's Moon will start to rotate left or right, press it again and it will stop rotating, press it again and it will rotate the other direction.

B - Light Setting: Change between the 3 lighting mode. Press once to change the light setting between warm yellow, cool white or white light. You can also change the light setting by using the mains switch on your wall.

ON/OFF - Press once to turn the Everyone's Moon ON or OFF

SLEEP - Press once to set sleep timer, the lamp will then automatically turn off after 15 seconds.
